

STUDENT TESTIMONIALS

Here is a selection of feedback received from Lisa's students

Hi Lisa

Just writing to say thanks again for coming back to Adelaide and teaching the crystallization class for us at Victor Harbor. My head is now reeling with ideas that I can hardly wait to express when completing my quilt. The feedback from my classmate friends has been likewise positive.

This is the fourth class I have taken of yours and I continue to be inspired. Your sense of fun is infectious and your creative thinking impressive.

That first "Fabrications" class I took a couple of years back was my most liberating creative experience to date. I was rapidly losing interest in quilting because I always felt disappointed by the fabric choices, the fussy cutting and the endless seams and corners that did not quite meet [on my quilt and in my expectations.]

Your liberating approach to freeform design and cutting and rearranging and discovering new ways is something that has inspired me to a whole new range of textile and mixed media pursuits. And I am building a stash of completed art quilts that I love in all their imperfect glory!

I have also been happily converted by the "Zen" practice that is beading - I love it so much it's sometimes hard to know when to stop.

So now I feel the sky is the limit and that I have more ideas than time to realize them. My love of textiles has been re-ignited and I have felt confident enough to try some designs of my own.

Just a note to say Thank you, thank you, thank you, I so enjoyed that workshop.

My little brain is abuzzing, my craving for something new is satisfied (for now) and you are a brilliant teacher. Such patience. Can't wait to show you what I have done with your passing on of ideas and knowledge, hope you approve! Also loved the beading lesson, how cool was that!!

I very much enjoyed the beading workshop. I have completed the beadwork but have not decided what to do with it yet. As a "retired" teacher I thought your delivery was excellent and well paced. We always had something to do without being rushed and your explanations were very clear.

I really wanted to thank you again for your fantastic teaching at the classes in Kalgoorlie this weekend. We all learnt a lot from you and your patience and kindness was greatly appreciated.

Thanks for your workshop. It started me off on something I've discovered I love.

*I often feel after workshops that I haven't produced anything worth showing around, and needing a lot more development. However, with the beading and the blocks we did, I get a thrill just looking at them and anticipating making more interesting and accomplished pieces in the future. So, thank you very much for passing on your knowledge and inspiring fabrics. – **Hania – Perth***

Thanks so much for a wonderful workshop. I really enjoyed it.

*You are a great teacher. I certainly look forward to meeting up with you again. **Liz – Taupo NZ***

*Just a quick note to tell you how much I enjoyed your beading class. I took my sample to my sewing group and they were very impressed. I already have a new small quilt in mind to make using beading as a central feature. When it is complete I will send you pics. Thanks for sharing your knowledge with me. **Carole – Auckland NZ***

*Thanks for a great workshop on Monday. I enjoyed all the "randomness"! - **Val – Sydney***

*Thank you for a marvellous class & so much inspiration. This is the first time I have attempted an "art quilt", and I'm really pleased with the results. **Jane - Sydney***
