

# CUTOUT MAGIC

## Workshop with Lisa Walton

Quilt Size – Approximately 1m x 1m

**This workshop is designed to let you experiment with an expanded square technique. Paper versions will be trialled first and then fabric will be cut and fused to create a unique wallhanging.**

**NO SEWING WILL BE DONE DURING WORKSHOP** as we will be concentrating on the design and layout. Simple machine piecing will be demonstrated by Lisa to enable students to finish off the quilt at home.

### REQUIREMENTS LIST

- 2 x 1m lengths of contrasting fabric required. These fabrics should be hand dyed, batik or similar **slighty** patterned only. Solids work best. Commercial print fabrics with detailed designs will not show technique to the best effect and should be avoided.
- 1m of paper backed fusible webbing such as Vlisofix, Wonder Under. **Do not purchase products which are sticky on each side as they are difficult to use for this process.**
- small and medium **SHARP** scissors – best size is about a 4inch blade.
- 24 in ruler
- tailors chalk or marking pencil which will show on darker fabric
- rotary cutter and mat
- 4 pieces of stiff A4 coloured paper and 4 pieces of A4 white
- Glue Pen or fine Glue stick (glue pens are easier to use as they have a fine point – available from stationery stores or scrapbooking suppliers.
- Pencil
- Tweezers can be useful – especially ones used for stamp collecting with flat sides.

*Also useful if you already have one **BUT DO NOT PURCHASE** just for this workshop are mini irons and ironing pad so you don't have to move your work back and forth to shared ironing boards.*

A fabric kit containing two hand dyed fabrics required for the top and binding can be purchased from Lisa for \$50.

Coordinated backing fabric is also available for \$20.

Please order from Website [www.dyedheaven.com](http://www.dyedheaven.com) or contact Lisa prior to the workshop to ensure availability

Colourways of your choice can be provided . Select two contrasting colours .
